

App Reset Password

The image shows a mobile app interface for Memphis Wood Fire Grills. At the top, there is a logo consisting of a stylized flame above the word "MEMPHIS" in large, bold, black letters, with "WOOD FIRE GRILLS" in smaller, orange letters below it. Below the logo is a photograph of a silver grill lid with a small Memphis logo on it. Underneath the photo are two input fields: "Email" and "Password". The "Password" field contains ten dots. Below these fields is a "Remember Me" checkbox, which is currently unchecked. A large, dark grey "LOGIN" button is centered below the checkbox. At the bottom of the screen, there are two links: "Create An Account" on the left and "Forgot Password" on the right. The "Forgot Password" link is highlighted with a red rectangular border.

1. Within the “Memphis Grills” and “Memphis 3” apps, type in your email and press “Forgot Password”.

Success

Please check your email for instructions on how to reset your password.

3. You'll receive an email providing the new password for your account and telling you to change your password in the settings window. **Please check your junk/Spam folder if you do not receive this email within ten minutes.**

4. In the Memphis app, login using the new password.

5. Once you've been logged into your account. Navigate to the settings screen.

6. Scroll down and press "Reset Password".

7. Enter the current password (the reset password from the email in the previous step) and the new password you would like to have. Press submit and your password will be changed to the new one.
